Introduction

All manuscripts must be in English. When receiving the manuscript, we assume that the corresponding authors grant us the copyright to use the manuscript for the book or journal in question.

Section Headings

The section headings are in boldface capital and lowercase letters. Second level headings are typed as part of the succeeding paragraph.

Page Numbers. Do set page numbers.

Tables. Tables (refer with: Table 1, Table 2, ...) should be presented as part of the text. A descriptive title should be placed above each table. The caption should be self-contained and placed *below or beside* the table. Units in tables should be given in square brackets [mm].

Figures. Figures (refer with: Fig. 1, Fig. 2, ...) should be presented as part of the text.

Equations. Equations (refer with: Eq. (1), Eq. (2), ...) have to be numbered sequentially, and the number put in parentheses at the right-hand edge of the text.

References

References are cited in the text by square brackets [1]. Two or more references at a time may be put in one set of brackets [3, 4]. The references are to be numbered in the order in which they are cited in the text and are to be listed at the end of the contribution under a heading *References*, see our example below.
